IN MEMORY.

On January 10 death visited the home of Nannie Diamond and took from her a loving husband. Miles was loved by all who knew him. He leaves a father, mother, three sisters, a good wife, one child and many friends to mourn the loss.

Weep not, dear people, but prepare to meet him again where sorrow never comes, no one ever dies. He said in his dying hours that he was not afraid to die. He called many of his friends to his bedside and told all good-bye. He said to his wife that he could see his brother and sister as they beckoned him to come. His twin brother had been dead three years.

While he was dying he asked them to sing, "Over the river Jesus I see the dying rejoicing in the Savior's love." He leaves good testimony to his friends.

Miles was only sick one week, but in all his suffering he was praising the Lord. When they told him that the doctor had done all that he could do, he looked up with a smile and said, "I am depending on one other than a doctor; that is my Lord. Don't weep over me, Nannie, but meet me in a little world where we will not have to part." Remember these words. What a glorious thing it is to think that we can meet our loved ones again. What a grand thing it is to have a friend in Jesus, one that can await your soul on high. He is a friend that never refuses to help us when we love him and go to him in the right way.

Miles was raised at Yatesville, but he lived on Lick Creek. He was taken back to Morgans Creek and laid to rest beside his twin brother.

A FRIEND.

Aunt Sarah Jane Large, aged 67 years and 29 days, departed this life of toiling and weeping January 15, 1910, about nine o'clock in the night. She passed away from this sad earth and went home with Jesus rejoicing. She was such a loving and kind aunt. She always kept her footsteps right and so true and honest to her womanhood, and above all she was willing and ready to go home with Jesus.

She called them all to her bedside and told them she was dying, and that she wanted them all to be good and meet her in heaven. She told three little boys of her grand children, whom she was raising and loved them dearly, to remember their grandma and to meet her in heaven.

She was blessed with a voice until her last breath and wanted her children around her until she had to leave them. She has four children and a husband to mourn the loneliness of a dear mother and wife. Her many friends will long remember her. So we all trust that we may be ready to meet her when around the white throne.

A painful injury was sustained by Mrs. Elizabeth Garrett, an aged lady who resides with her son, Fletcher Garrett, in the south side of Catlettsburg. Mrs. Garrett, who is said to be almost ninety years of age, and probably the oldest person in the city, went into the rear yard on some errand, slipped and fell, the result of which was the bruising of the side of her face, the

dislocation of one of her arms and other minor injuries, from all of which it will require a long time for her to recover, owing to her advanced age. She is the mother of Hon. Alonzo Garrett, the U. S. Consul at Neuva Loredo, Mexico.—Catlettsburg Tribune.

We take the following from the current issue of The Pikeville News Letter, a neat little college sheet published by Rev. George Carmichael each month:

"A new era of industrial prosperity is about to dawn in Pike county. The coal business, which had been developed to a considerable extent but which had about reached its limit under present market conditions, is receiving fresh impetus from the demand for coke. Coke made from Pike county coal in ovens at Connellsville was a better grade of fuel than the celebrated Connellsville product. The Elkhorn Consolidated Coal Co., has let contracts to build 50 ovens at their mines near Heller. The Mitchell Coke Co., successors to the Pike Consolidated Coal Co., at Heller, will soon have 400 ovens ready. They are installing a complete electrical plant for mining purposes, and will coke 1,500 tons of coal daily. The Marrowbone Coal & Coke Co. is already making daily shipments of coke of splendid quality through Pikeville to market."

He had not time to get off his machine and take it from the track before he was struck by the locomotive, with the above shocking results.—Catlettsburg Tribune.
